

FLEXSTEEL® FUTURA ETHAN-ALL

Flexsteel® Futura™ Ethan-ALL™ dispensing hose assembly is UL certified for use in ethanol dispensing applications up to E85. This assembly provides the quality Futurin™ cover with its superior ozone resistance along with a premium layline. The tube construction meets the E85 compatibility test requirements of UL 330A. The Flexsteel® Futura™ Ethan-ALL™ dispensing hose assembly uses the Continental ContiTech proprietary Fuel Grip™ fitting with a premium nickel coating to ensure corrosion is limited.

Performance + Specs

Tube Nitrile (NBR)	Cover Futurin™ (ORS)
Reinforcement One Braid Steel Wire	Temperature Range -40°F / -40°C ~ 140°F / 60°C
Design Factor 4:1	Packaging Coupled lengths, 10 pieces per box
Coupling Available in factory coupled assemblies only.
