

FLEXTRA DRY MATERIAL

When it comes to conveying dry, abrasive materials with confidence, the Flextra® Dry Material Hose from Continental delivers unmatched performance. Engineered for tank truck and in-plant service, this hose is ideal for transferring non-oily materials like sand, limestone, and plastic pellets. Its static-dissipating and static-conductive construction helps prevent dangerous static buildup, making it the smart choice for operations where safety and reliability are non-negotiable. Built tough for long service life and flexible enough for easy handling, Flextra® is the hose that keeps your dry bulk materials moving—safely and efficiently. Also Available with ContiClean Survivor Tube.

Performance + Specs

Tube 3/16" gauge black Chemituf synthetic rubber (static dissipating/static conductive) - ContiClean Survivor (549-779)	Cover Black SBR synthetic rubber (corrugated) with yellow spiral band (wrapped impression)
Reinforcement Spiral-plied synthetic fabric with wire helix	Temperature Range -40°F / -40°C ~ 180°F / 82°C
Design Factor 4:1	Packaging 100ft lengths, Coiled & Poly-Wrapped
Coupling Refer to the Continental Industrial Hose Assembly Manual for crimp specifications.	Non Stock / Sizes For special production run minimum requirements, Contact Customer Service.
