

HEAVY DUTY STEAM PILE DRIVER

Continental Heavy Duty Steam Pile Driver is designed to withstand the toughest off-shore pile driving applications and offer long-lasting service in on-shore applications. A combination of the steam-resistant Versigard® tubing plus the steel Flexten® construction gives this hose the pliability, kinetic, and crush resistance required in this application.

Performance + Specs

Tube

- EPDM Rubber

Cover

- EPDM Rubber
- Pin-Pricked

Reinforcement

- Spiral-plied Aramid fabrics & spiral-plied steel wires

Temperature Range

- -40°F / -40°C ~ 406°F / 208°C

Design Factor

- 10:1

Packaging

- Cut lengths available

Coupling

- Contact fitting manufacturer for proper fitting recommendation and coupling procedure

Non Stock / Sizes

- For special production run minimum requirements, Contact Customer Service.
