

ROCK DRILL

Continental Rock Drill EPDM – Built for the Toughest Jobs in Mining and Construction. When the environment is extreme and the pressure is high, the Continental Super Rock Drill (549-260) hose stands up to the challenge. This extra heavy-duty, high-pressure hose is purpose-built for pneumatic service in mining, construction, and industrial operations where working conditions are especially severe. This hose is engineered for long-lasting performance. It delivers exceptional strength and flexibility. Whether you're powering rock drills, jackhammers, or other pneumatic tools, Rock Drill EPDM hose is your go-to solution for maximum durability, safety, and performance in the most demanding environments.

Performance + Specs

Tube	Cover
Ethylene Propylene Diene Monomer (EPDM)	Ethylene Propylene Diene Monomer (EPDM)
Reinforcement	Temperature Range
Spiral Synthetic Textile	-40°F / -40°C ~ 300°F / 149°C
Design Factor	Packaging
4:1	Coiled & Poly-Wrapped
Coupling	
Contact fitting manufacturer for proper fitting recommendation and coupling procedure.	

Branding

CONTINENTAL ROCK DRILL HOSE MADE IN CANADA
